“Tower Gardening” Michelle Bainbridge

A Message from President Dirk Sprenger

Dear members and friends,

The May 28th meeting will be here soon! New friend and speaker Michelle Bainbridge will build your knowledge of growing things in small spaces as she talks about tower gardening. Then we will get into the business of refining or broadening our mission during the coming months. We must also set the menu for the September Picnic, which will be September 24. The menu could include some fresh produce from some local friends and members. Instead of Bingo we will have more icebreaker activities to help the new folks get to know everybody. get the bird house we made and related these interesting facts. She has a sign at her house that says this place is for the birds, and a tattoo of a bird on her arm. Maybe we should all get a garden club tattoo! Wouldn't that be a hoot?

I am happy you have all recovered enough to help Fran with the Hospice Plant Sale in the first week of June. To hear more about that, please show up with a bunch of enthusiasm at the May Meeting.
